CLASS ONE: TAROT

Before your reading, you need to protect your space and connect with Spirit. Visualise a white light chamber or dome around you and your space and repeat the following prayer:

HOLDING SPACE PRAYER

Divine Guidance, I pray that you engulf us with your infinite love and allow us to be channels of your Divine Grace. Please allow the messages to be revealed in a way that we can understand and interpret them. We call for only love to exist within this sacred container and for us to be protected. We call upon our angels, spirit guides and ancestors to be present during this reading with love and protection. And so it is. Amen.

CLASS ONE: TAROT

When you're ready and have cleansed your space, crystals and decks, visualise a white light tether connecting you and the sun (symbolic of God/Universe/whatever your truth is). If reading on another person, imagine a triangle of light connecting your heart, their heart and the sun. Hold the cards in your non-dominant hand and repeat the following prayer;

READING PRAYER

Divine Guidance, I pray that all of my readings with these cards be accurate, specific and bring blessings to everyone involved. Please allow me to hear, see and feel the Divine messages being brought to me through these cards and please show me what [insert name] needs to hear, see and feel right now from a place of infinite love and only infinite love, and for the highest good of everyone involved. Please allow the messages to come through in such a way that I can easily understand and interpret them and that [insert name] can receive them fully. And in their conscious state they will know exactly what to do with these messages. I love you. And so it is. Amen.
