## THE POWER OF CRYSTALS

Crystals have a crystalline structure, so under a microscope, crystals have repeating patterns of sacred geometry. They are condensed vortexes of energy.

Each offer a different frequency and energy field. They offer bio-photonic particles which are received by our energetic field.

Each have intended "meanings", but you can also assign your own meaning, based on what you feel from the crystal intuitively.

## HOW TO USE CRYSTALS

*(Use the class video to write some notes)*

Use crystals in your space, on your person, on your things, under your pillow, during spell work, to amplify healing.

## HOW TO CHARGE YOUR CRYSTALS

*(Use the class video to write some notes)*

Under the full moon.

With water.

Smudging (sage, palo santo, bio-regional plants, incense).

Sound frequency.

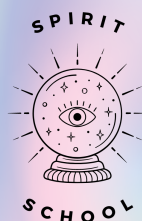

Blow on them.

Speak to them.

Pray upon them.

On selenite plates.
